

Nationwidecar.com Girl's Prom Check List

www.nationwidecar.com

16 Weeks Before Prom

- Start using this checklist.
- Ask how much money your parents are willing to contribute.
- Start saving money if necessary.
- Shop for that special dress. When you find it, you can put it on lay-away if need be.

12 Weeks Before Prom

- Start looking into transportation. Rent a limousine with a group from Nationwidecar.com (1-888-777-5636, ask for sales).
- Pick out accessories that will coordinate with your dress and/or with your date's outfit.
- Start taking care of your hair and nails, particularly if you have short or bitten nails. If you are growing your hair out, trim it every 4 weeks to avoid frizzy, split ends.

6 Weeks Before Prom

- Purchase your Prom tickets.
- Pick out styles or start trying different styles of hair, even if you are doing it yourself.
- **VERY IMPORTANT:** Discuss your prom plans with your parents.

4 Weeks Before Prom

- Pick up your Prom dress.
- Break in your Prom shoes by wearing them several times (your feet will thank you!).
- Make appointments to have your hair, makeup and nails done. Everyone will want to be at the salon on that day. If you get stuck, try a salon further away (near a high school whose Prom is not on the same day as yours).

2 Weeks Before Prom

- Call and confirm all reservations and appointments you have made for Prom day.
- Collect your supplies: camera, film, clear nail polish, extra pantyhose, phone card, change, cash, student ID, tickets, etc.
- Let your parents meet your Prom date, if they haven't already.

Prom Day!

- Pick up your date's boutonniere.
- Go to your hair, nails and makeup appointment(s).
