

Nationwidecar.com Guy's Prom Check List

www.nationwidecar.com

16 Weeks Before Prom

- Start using this checklist.
- Ask how much money your parents are willing to contribute.
- Start saving money.
- Plan out a budget to cover costs.
- Ask your date, if you know who you want to go with!

12 Weeks Before Prom

- Go for a tux fitting. It is helpful to know what color dress your date will wear. Coordinate colors and style.
- **Start looking into transportation. Rent a limousine with a group from Nationwidecar.com (1-888-777-5636, ask for sales).**
- Ask around for a good restaurant for dinner before the Prom. Consider your date's taste in food and atmosphere (ask, if you're not sure!). A quieter place will give you time to talk, while a busier eatery may help start you off in a festive mood!

6 Weeks Before Prom

- Purchase your Prom tickets.
- **VERY IMPORTANT:** Discuss your prom plans with your parents.

4 Weeks Before Prom

- Call and confirm your dinner reservations, if applicable.
- Finalize your plans with friends, date and parents.
- Order your date's corsage (coordinate color with her dress.)

Several Days Before Prom

- Confirm all reservations and appointments you have made for Prom day.
- Get a haircut if you need one.
- What time will you pick her up?
- Collect your supplies: Camera, film, cell phone, change, cash, student ID, tickets, etc.

Prom Day!

- Pick up your date's corsage (Keep refrigerated until you leave).
- Pick up your tuxedo, if you haven't already. Make sure to get a tie and cummerbund (these could also match your date's dress), dress shoes, cuff links and studs.
